Experience and tradition
Our congregation was founded by Alberta Giménez in the 19th century and one of her main projects was the creation of a school for female teachers. In the 20th century this evolved into the School of Education, which was affiliated to the University of Barcelona from 1974 to 1978 and to the University of the Balearic Islands from 1978 to 2014. A new stage began in 2014 when CESAG was affiliated to Comillas Pontifical University ICADE-ICAI.
